President's Report

Hello fellow members,
Until we have nominations for positions on the management committee for next year I will be using this spot to remind you that our club cannot continue without positions being filled.
We particularly need volunteers for the positions of vice president, secretary and social coordinator.
After the last meeting I had one member volunteer for one of these positions " if no one else puts their hand up " So that is a start.
Please think seriously about taking on one of these positions for next year.
I look forward to seeing you all at our September meeting.

President Jack

Our August Speaker:

Many thanks to our guest speaker who stepped in last minute to replace his wife, Ellen Winnett. Lt Colonel Dr Greg Coman is a psychologist who works in the public health sector as well as for the army reserve. He gave a fascinating talk on the psychological impact upon the crew who spend a winter in Antarctica.

Australia is responsible for 42% of Antarctica and has 3 mainland and 1 island base.

Greg spent 5 weeks onboard the supply ship replacing the crews and supplies at each base relieving the winter crews with the new summer crews.

The crews had to have intensive medical and psychological testing, prior to be accepted into the program, to make sure that they could handle the isolation and harsh environment that they would encounter.

Winter crews mainly maintain the base whilst the summer crews do all the research as well.

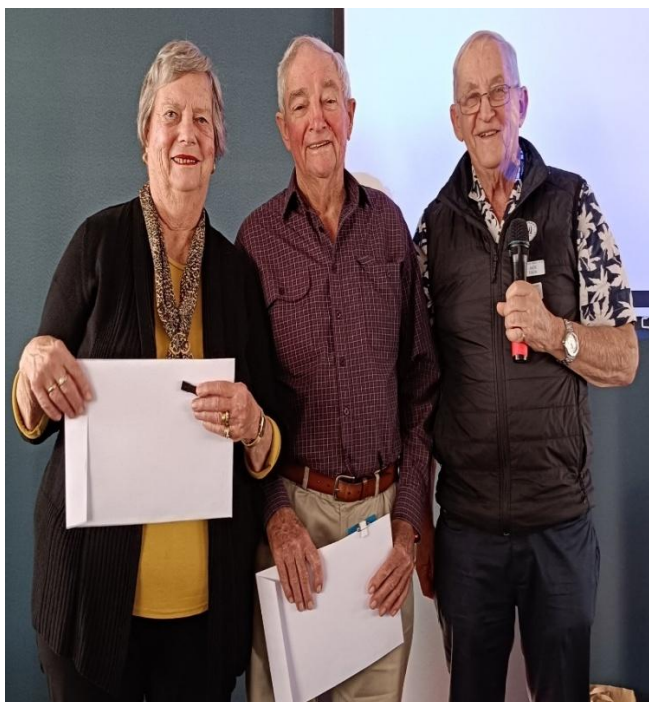

The research endeavours involve Meteorology Marine Biology, Astronomy, Glaciology, Geology & Upper Atmosphere Physics.

He was involved in debriefing the returning crew to enable them to adjust back into society and their family after 6 months in Antarctica.

He also had to find out if any improvements could be made to make the conditions better for the crews. He talked about the awe-inspiring sights that he had seen, the camaraderie and interaction of the people he was monitoring, the negatives and positives of their environment.

Induction of new members

President Jack had great pleasure of inducting our latest members Melda and Beris Blake to our club. Please introduce yourselves to them and make them welcome.

Vale Russell Lea

Russell and his wife Jean joined our club in October 2021 and they remained members until 2024 when they moved back to Melbourne. He passed away on 11th August and the funeral was on 21st August. Our deepest sympathy and thoughts go to Jean.

Friday 15th August - Golf Report

We had 6 members playing our Stableford event with only 1 point separating the first 3. Warren was the winner so he took home the fruit and veggies. Ken was second on a count back from Brian and as he graciously provided the prizes he gave the flowers to Brian to take home. It was a perfect day for golf and all participants enjoyed their day.

Event Coordinator: Ken Evans

I would call this an extreme "Abnormal Course Condition"

If this happened to our golfers you would get a free drop wherever you wanted.

Tuesday 19th August - Coffee Morning

Seven members braved a cold and wet morning, which was about our coldest day this winter, to enjoy a nice hot coffee and chat for our Coffee Morning. Thank you to all who attended. Kay Hansen (for Evelyn Hedges)

Event Organiser: Evelyn Hedges

Wednesday 27th August -Walk

The walk on Wednesday 27th August in the Maroochy Botanic Gardens was attended by 6 members. We had a very pleasant wander through the educational area around the lagoon walk and through the Sculpture Garden followed by lunch sitting at one of the many outside tables available. As always, the gardens are a credit to the volunteers. If you like orchids, the swamp orchids in the Sculpture Gardens are close to flowering and could be worth a visit. (Richard Perry)

Members Travel Experiences

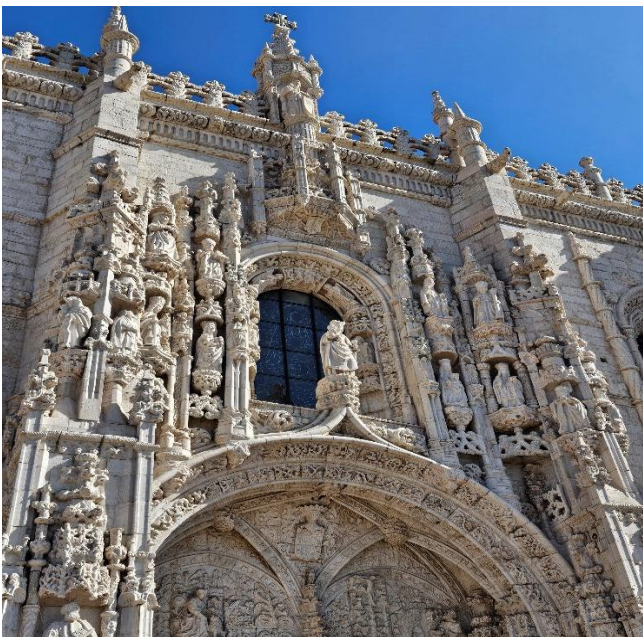

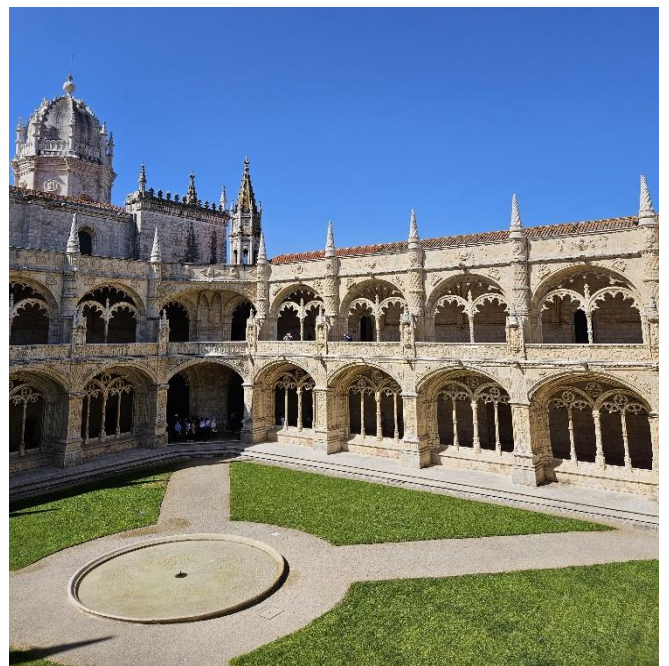

From Mary and Errol James

We recently had 8 lovely weeks in Europe. First stop was Barcelona where we met our tour group for the next three weeks. After exploring Barcelona, it was fast train to Madrid. Visited Ronda, and Seville. Along the way saw millions of olive trees and of course we had a lunch and olive oil tasting at a local olive farm. Olive processing is quite interesting. Of course, there were many beautiful cathedrals and the history was overwhelming.

Next stop Lisbon in Portugal. After 2 nights in Lisbon, we boarded a river boat and spent 7 days on the very pretty and peaceful Douro River. Views and food were fabulous. By now our clothes are beginning to 'shrink!'

Next stop- Norway. We joined a small group (18) back roads tour of the fjord land and glacial areas. Spectacular scenery and lovely food! Thoroughly enjoyed Norway and were surprised by the diversity on the land. We travelled through high country and snow through to the coast at Bergen.

Our last two weeks we travelled from Amsterdam to Budapest via river. Again, such scenic countryside. Budapest is a city that we wished we had more time to explore. A wonderful 8 weeks of being tourists!

Any member who wants to include their holiday memories in future newsletters please send the details to my email (brianjclark52@gmail.com). If you need any help please contact me. I hope to have one memory for each newsletter as it may help our other members find a holiday which suits them.

If any member has any ideas for a new interest group or a social outing we would love to hear from you. A man was walking along the beach when he stumbled upon a bottle half buried in the sand. Excitedly, he picked it up and pulled out the cork.

Out popped a genie!

The genie, grateful for being released, said, "I will grant you three wishes, but there's a catch. Whatever you wish for, your ex-wife will receive double."

The man thought for a moment and then said, "For my first wish, I want a mansion."

Poof! A magnificent mansion appeared before him. But sure enough, his ex-wife received two mansions.

Undeterred, the man thought carefully and then said, "For my second wish, I want a million dollars."

Poof! A briefcase filled with cash materialized in front of him. But, as expected, his ex-wife received two million dollars.

Now feeling a bit mischievous, the man pondered his final wish. After a moment, he grinned and said to the genie, "For my third and final wish, I want you to scare me half to death."

BEST EVER SENIOR CITIZEN JOKE

A little silver-haired lady calls her neighbor and says,
“Please come over here and help me. I have a killer
jigsaw puzzle, and I can’t figure out how to get
started.”

Her neighbor asks, “What is it supposed to be when
it’s finished?”

The little silver-haired lady says, “According to the
picture on the box, it’s a rooster.”

Her neighbor decides to go over and help with the
puzzle. She lets him in and shows him where she has
the puzzle spread all over the table.

He studies the pieces for a moment, then looks at
the box, then turns to her and says,
“First of all, no matter what we do, we’re not going
to be able to assemble these pieces into anything
resembling a rooster.”

He takes her hand and says, “Secondly, I want you
to relax. Let’s have a nice cup of tea, and then,” he
said with a deep sigh...

“Let’s put all the Corn Flakes
back in the box.”

Words to heal the soul

Look what happens when you cut down too many trees! 😊

A man's girlfriend went to Europe for 5 days with some girlfriends.

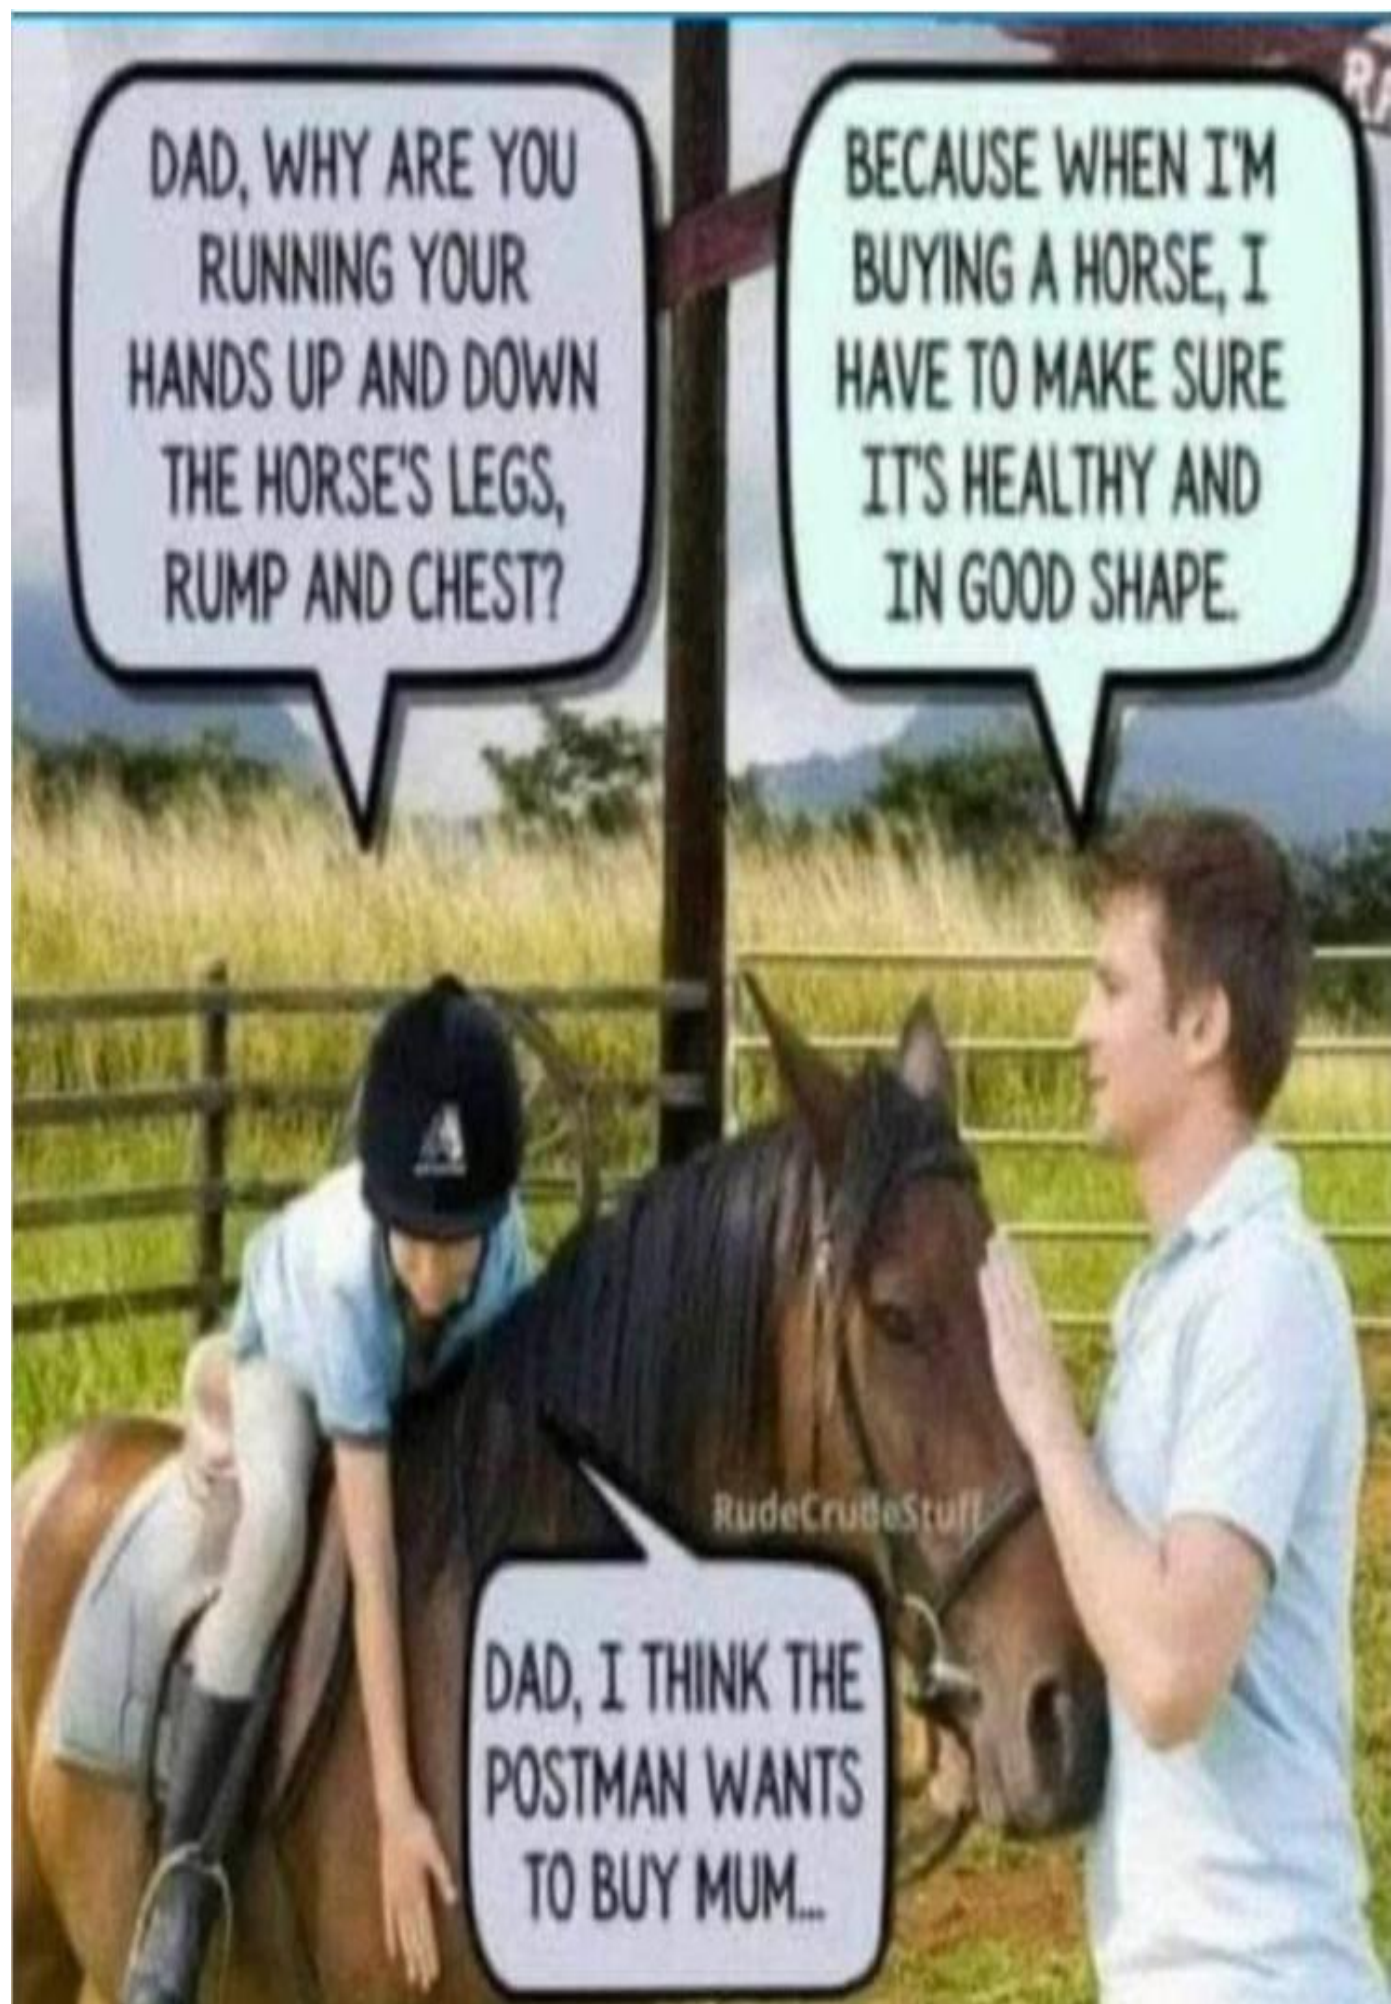

She asked her boyfriend to watch her cat while she was gone. The first day she was gone, the cat was hit by a car and was killed. The first day she was gone she called and asked how her cat was doing. He didn't want to ruin her vacation so he said the cat was fine. The second day she called and he said the same thing. The third day, the same. When she finally returned she wanted to see her cat. Her boyfriend said that, sadly, her cat was dead. She went into a deep state of sadness. "Why didn't you just tell me?!" He said he didn't want to ruin her vacation. She said that he could have gently overtime. He asked what did she mean. She said the first day you could have said that she was on the roof and we couldn't get her down. The second day we got her down but she was injured but the veterinarian said should be fine. The third day he could have said that the cat was suffering worse than they thought. Etc, etc. It would have been lies but at least it would have cushioned the blow. Her boyfriend apologize and she said it was okay because he was only doing the right thing. So she asked how her mother was doing in the retirement home. He thought for a second and said, "She's on the roof and we can't get her down."

We all get heavier as we get older because there's lot more information in our heads. So I'm not fat, I'm just really intelligent and my head couldn't hold any more so it started filling up the rest of me. That's my story and I'm sticking to it.
